## **Full Job Description**

### **About Us**

Our Federally Qualified Health Center (FQHC) is committed to providing high-quality, accessible, and comprehensive healthcare services to a diverse patient population. We prioritize holistic, patient-centered care and a collaborative approach across our multidisciplinary team to ensure the best possible outcomes for our community.

### **Position Summary**

We are seeking a compassionate and skilled Family Nurse Practitioner (FNP) to join our multidisciplinary team. The FNP will provide comprehensive, patient-centered care to a diverse patient population, addressing both physical and mental health concerns. This role involves delivering traditional and integrative healthcare, developing individualized treatment plans, and supporting the well-being of patients while collaborating with other healthcare professionals.

### **Key Responsibilities**

- Conduct comprehensive patient assessments and develop personalized care plans.
- Provide primary care services, including diagnosis, treatment, and ongoing management of acute and chronic conditions.
- Integrate behavioral and holistic health approaches into patient care as appropriate.

- Collaborate with the multidisciplinary team to coordinate care and ensure optimal patient outcomes.
- Educate patients and families on health conditions, treatment options, and preventive care.
- Maintain accurate and confidential patient records in compliance with regulatory and clinic standards.
- Participate in continuing education and certification programs, including Dr. Amen's clinic certification.
- Provide flexible support for patient needs, including on-call duties as required.

**Qualifications**

- Master's or Doctoral degree in Nursing; valid license as a Family APRN required.
- Certified Nurse Practitioner
- Experience working in a clinic setting, ideally with high patient volume.
- Experience serving rural or diverse patient populations is highly desirable.
- Strong interpersonal, communication, and patient education skills.
- Commitment to holistic, patient-centered care and continuous professional growth.
